

TELS OF SPREAD OF BOLSHEVISM

More Important Testimony
Given Senate Committee
on Mexican Conditions

RADICALS UPHELD BY PRES. CARRANZA

SAN ANTONIO, Texas, Jan. 15. Propagandists of Bolshevism have spread their doctrine of radicalism from Sonora to the Isthmus of Tehuantepec within a year, the senate sub-committee investigating the Mexican situation was told today by an American salesman. He was heard in executive session and begged that his name not be used because he expects to return to Mexico.

Carranza, when forced to choose between two small armies in the south, one led by the federal commander and the other known as the Bolshevik force declared for the latter, he said. Striking laboring men in other districts, he said, were frank in their declaration of adherence to the radical cause and almost everywhere he went he found evidence of the success of the extremist agitators. "I have told the American consuls about the conditions," he testified, "but I could always note they were averse to hearing the facts and especially where it reflected unfavorably upon the Carranza government."

After commenting that "Mr. Wilson seemed to be hypnotized by Carranza," he added: "If the American government should cease to support Carranza he would not last thirty days. Merchants and business men of Mexico want law and order but they cannot hope for such while the Bolshevik gang is upheld by the American government."

It was last night that Carranza upheld the radicalism in Tabasco. Mr. Green, who the witness said was a descendant of an American, had declared himself governor.

Corroborative testimony as to the general insecurity of American life and property was given and to illustrate it he told of three attacks by bands of government troops in which he had been caught. Dramatic accounts of their experiences were given the committee by Mrs. Mary Wright, Mrs. James A. Willis and Mrs. J. C. Bailey. The husband of Mrs. Willis disappeared while trying to get her out of the country. It is assumed by her that the husband of Mrs. Wright died as a result of hardships endured in Mexico. Mrs. Wright told how she and her daughters hid for weeks to escape the revolutionists described their efforts to elude their farm and finally their flight to the United States when word came that the state department had advised Americans to leave Mexico.

The testimony of Mrs. Bailey and Mrs. Willis was of their failure to save their farms and their escape into the United States. Matthew Warner, veteran of the Civil War, of San Antonio, added to the committee's record corroborative testimony regarding the insecurity of life and property.

NEW GUILTY OF SECOND DEGREE MURDER

LOS ANGELES, Cal., Jan. 15.—Harry New was found guilty of second degree murder in connection with the shooting and killing of his fiancée Freda Lesser. A jury in Superior Judge G. W. Craig's court returned the verdict before noon after it had been deadlocked for almost 44 hours.

With the verdict was a recommendation that the court order the defendant placed in an institution for a reasonable length of time for observation as to his mental condition.

LeCompte Davis, leading counsel for the defense announced a motion for a new trial would be made Monday the time set to pronounce sentence.

EXTENSION TO MAIL LINES ORDERED

WASHINGTON, Jan. 15.—Extension to all mail lines of the space basis system in paying railroads for transporting mail was prescribed in new regulations issued by the interstate commerce committee in deciding complaints of the railroads for changed method of compensation.

Abolition of the allowances for terminal service also was ordered. In lieu the roads will be paid an additional rate in the computation on a space basis.

The new rates are made retroactive to November 1, 1916 with an increase of 25 per cent over those rates after January 1, 1918.

DISCONTINUE CAR SERVICE: THOUSANDS WALK

Salem, Mass., Jan. 15.—Thirty thousand persons who usually ride to business in trolley cars walked to the near zero attendance today. All local lines of the Eastern Massachusetts Street railway and a large part of the suburban service were discontinued at midnight, the public trustees of the road having refused to operate the cars in this vicinity longer in the face of continued loss of revenue, due to the loss of the trolley cars.

SUCCESS OF BOLSHIEV FEARED BY BRITISH

High Officials Hurry to Paris to Confer With Lloyd-George on Possibility of Another War.

London, Jan. 15. (By The Associated Press)—Before peace with Germany is a week old, the British public has been brought sharply against the possibility of another war. Winston Spencer Churchill, secretary for war, Walter Hume Long, first lord of the admiralty, Baron Leathers, commander of the grand fleet and Field Marshal Wilson, chief of the imperial staff, left London tonight having been hurriedly summoned to Paris to consult with Premier Lloyd George and other British officials there on important military and naval matters.

This summons is inevitably connected with the semi-official statement falling attention to the threatening situation in the middle east as a result of Bolshevik military successes which have given soviet Russia virtual mastery of all European Russia, for although it is not yet confirmed they have entered Odesa, it is believed it cannot be long before they are in full possession of the coast regions there.

The Bolsheviks have obtained enormous supplies of food, raw materials, coal and rolling stock and other means of transport of which they were in need.

It is regarded as certain that, flushed with success the Bolsheviks will not be content with their present conquests, but will seek to extend Bolshevism eastward and westward. Expert military opinion inclines to the belief that their next move will be an attack on Poland and the Baltic states, and Warsaw dispatches already indicate that the Poles are anticipating such a move.

The soviets undoubtedly command formidable forces but not sufficient to warrant an attempt to advance both east and west. Against the likelihood of an attack on Poland, is the fact that the Bolsheviks flanks would be exposed on the north to an attack by the Letts and on the south to an attack by the Roumanians.

The semi-official statement seems to indicate Great Britain is more apprehensive of a move eastward, threatening India.

FRAUDS OF MILLIONS BROUGHT TO LIGHT

SAN FRANCISCO, Jan. 15.—Frauds involving many millions of dollars in connection with the building of ships for the government in Oregon, Washington and California have been unearthed by government investigators, it became known today, when William H. Tidwell, special agent of the treasury department, was appointed chief assistant to Special Assistant United States Attorney General Bert Schlesinger here.

It is understood that Attorney General Palmer, on the strength of the scope of the alleged discoveries of graft in Pacific coast ship yards has ordered the United States shipping board to hold up claims approximating \$37,000,000 to await the outcome of the investigation.

DEATH SENTENCES WILL BE IMPOSED

London, Jan. 15.—Sentence of death will be imposed on enemies of the soviet Russian government here after only when approved by the all-Russian extraordinary commission said a Moscow wireless today. The Bolsheviks announced assets a return of methods of terrorism will be made necessary only by renewal of attempts by the entente to hinder the workers and peasants in establishing a system of Socialist economies.

The extraordinary commission, the dispatch said, declares the defeat of Generals Yudenitch and Denikine and Admiral Kolchak, together with the latter's imprisonment and the capture of Rostov, Novocherkassk and Krasnoyarsk have created new conditions in the struggle against a counter revolution in Russian.

GERMAN NAVAL OFFICER ENDS LIFE

BERLIN, Jan. 15.—Captain Morath, commander of the submarine which sank the French battleship Danton and other vessels died yesterday in a hospital at Hamburg after having taken poison, according to the Lokal Anzeiger.

The French battleship Danton was torpedoed in the Mediterranean March 19, 1917. She sank a half hour after being hit with the loss of 296 men. The remaining 806 men of her complement were saved by the destroyer Massue and patrol boats.

OFFERS LARGE SUM TO MAKE FLYING SAFER

Paris, Jan. 15.—A prize of 100,000 francs has been offered by the "Union for Security in Airplane Service" to the inventor of a device which will tend to render air navigation in a heavier-than-air machine safer than at present. The conditions place no limit either on the principle involved or the nature of the invention.

PRESENT TREE SEED TO ALLIES

Boston, Jan. 15.—Thirty-five million tree seed were formally presented to the government of France Belgium and Great Britain by the American Forestry association here today. They were accepted by the consuls of the three countries and will be used in reforesting devastated areas.

CONSIDER NAMING OF COMMITTEES

Woodward Hopes to Speed
Up Work of Constitutional
Convention

ADJOURNMENT MADE UNTIL TUESDAY

SPRINGFIELD, Ill., Jan. 15.—In an effort to speed up the work of the Illinois constitutional convention President Charles E. Woodward today began consideration of appointment of the twenty-five committees which will pass upon the proposals submitted by the delegates. There are 294 committee appointments to be made. President Woodward before the convention adjourned today until next Tuesday at 10 a. m., asked each delegate to submit a list of committee preferences and to name at least four committees on which he desires to serve. The first proposition for constitutional changes were presented to the convention today. Twenty-eight proposals were submitted. Oscar E. Carlstrom, delegate from Alton, was the author of nineteen which provide for adoption with a few minor changes of 137 sections of the present constitution.

The first proposal comes from Loe Mighell, delegate from Aurora. It would provide a new system for taxing real estate by exempting the amount of mortgages on property.

Universal suffrage is provided for in a proposition submitted by Henry M. Dunlap of Savoy. The general rule for Chicago and Cook County was the subject of two proposals sponsored by William H. Beckman of Chicago.

Lewis A. Jarman, delegate from Rushville had five proposals ready dealing with a variety of subjects. One would declare state employees who conspire to quit their positions guilty of sedition. Another would require that English be the medium of instruction in all public and private schools and that all newspapers and periodicals in the state be published in English. Other proposals introduced by Delegate Jarman included those to limit sessions of the state legislature to three days, to restrict the state and fix the membership of the legislature at twenty-five senators and one hundred representatives, to increase the number of supreme court judges from seven to nine and make two appointive by the governor and to confine appellate court judges to service on the appellate bench. The convention adjourned resolution authorizing President Woodward to appoint the necessary employees for the session. Some opposition to the resolution developed but after an explanation by Henry I. Green of Urbana the resolution passed 78 to 3.

FORMER RESIDENT HEADS NEW COMPANY

New Springfield Insurance Firm
Receives Charter—Albert H. Rankin is President.

The North American Insurance Underwriters qualified with the insurance department of the state of Illinois and have received their charter at Springfield. The new company, which was recently organized by some of the best known business men of Springfield, will issue all forms of automobile insurance under a plan and system entirely new in this state.

The underwriters will be under the management of D. L. Barnes, who is the secretary, and will be assisted in the management by W. J. Schmolli of Chicago, assistant secretary, who is an experienced underwriter, having actuarial knowledge and well known in the automobile business.

The officers of the underwriters are: Albert H. Rankin, president. Pascal Hatch, vice president. D. L. Barnes, secretary. W. J. Schmolli, assistant secretary. John E. George, treasurer. James W. Gullett, general counsel.

L. V. Barnes, agency director. The office force of the underwriters have been working day and night getting out the large volume of business already in the hands of the company and begun business with over \$200,000 of insurance in force.

LEAVES FOR WEST.

Miss Elizabeth Holtorf of South Bend, Ind., who has been a resident of Jacksonville for several years following the profession of nursing, left yesterday afternoon over the Burlington for Colorado Springs, Colo., for her health. Miss Holtorf has been employed at Our Savior's hospital for a number of months but about two weeks ago became ill and has been a patient at the institution since then.

THE TAX RATE

An item yesterday indicated that the taxes will be 13 per cent higher this year than last. The figures are nearer 20 per cent. Even at this rate the property holder will not be compelled to pay as much of an increase as they expected when the state legislature changed the basis of valuation from one-third to one-half.

AWARD CONTRACT FOR HIGH SCHOOL BUILDING

Board of Education Lets General
Contract for New High School
Building to English Bros., of
Champaign—Bernard Gause
Has Contract for Plumbing
and Heating.

The board of education yesterday opened bids for the new high school building. The general contract was awarded to English Bros., of Champaign, on a bid of \$331,800. The contract for plumbing and sewerage was let to Bernard Gause for \$22,000. Mr. Gause was also awarded the contract for heating, ventilation and control on a bid of \$33,569. The three bids make the total contract for the building \$387,369. The contract provides that the building shall be completed by Jan. 1, 1921. Mr. English, a member of the firm, given the general contract, was here yesterday and indicated his intention of beginning work very speedily. The board met at 2 o'clock to receive bids and they were opened by the board, together with Supt. Perrin and Mr. J. W. Royer, architect for the board.

There were four bids in the general contract ranging all the way from \$307,000 to \$331,800. It is interesting to note in this connection that the bid of English Bros. was the lowest a number of months ago, when the board decided to postpone action. The bid this time is about \$45,000 higher than at the previous date, occasioned by the advance in the prices of materials.

The general contract provides for brick work \$25 per thousand. The board has the privilege of selecting brick and if brick costing less than \$24 a thousand are selected the difference is to be allowed the board and if brick costing more than \$24 per thousand are selected the payment is to be made to the contractor.

The general contract also provides \$1.75 per cubic yard for any excavating other than shown in the contract, and \$10.50 per cubic yard for any concrete work not shown in the contract.

The board after considering the bids cut out the plans for the building and the David Prince building and some other deductions were made to a total of \$27,300. Some additions were made for fire escapes and for maple flooring, totaling \$4,800. The bids submitted and considered by the board were as follows:

English Bros., Champaign, \$331,800.
Simon, Dick Co., Bloomington, \$330,450.
L. N. Cope & Son, Decatur, \$332,000.
Lorschneider, Springfield, \$337,000.

Plumbing and Sewering.
Bernard Gause, \$22,000.
Jacksonville Plumbing Co., \$25,512.
John O'Neill & Son, Peoria, \$25,680.
C. C. Schureman, \$26,398.

Heating.
Bernard Gause, \$35,854.
C. C. Schureman, \$36,700.
John O'Neill & Son, Peoria, \$37,970.
Jacksonville Plumbing company, \$42,025.

Joseph DeGoveia submitted a proposition not in accordance with the specifications and proposed contract and it could not be considered.

The board has a total of \$351,211.98 available for this building project. The sum of \$220,000 is provided by bonds. There is a building fund of \$61,257.19; building and repair fund \$28,453.99; 1919 taxes to be collected in June, \$41,500. The expenditure proposed of the building and its cost will be provided for later thru tax returns.

FINE FOR VIOLATION OF PROHIBITION LAW

Mobile, Ala., Jan. 15.—Captain M. G. Goldsboro of the Shipping Board Steamer Lake Linden, was fined \$101 and costs today for violation of the prohibition law. He was arrested after the Lake Linden arriving from Cuba had been seized by the sheriff and 105 cases of whiskey removed from the coal bunkers. The master denied knowledge that the liquor was aboard.

DIES FROM INJURIES

St. Louis, Mo., Jan. 15.—Louis Thompson, of Oklahoma City, who was injured in the wreck on the Frisco railroad near St. James, Mo., on Dec. 21, died at a hospital here today. His death brings the total fatalities up to 4, two having been killed instantly and one dying shortly afterward. Forty eight people were injured in the wreck.

FAVOR BOND ISSUE FOR ROAD BUILDING

Morgan County Association Believes This Plan Best—Cooperation From All Precincts Urged—Officers Chosen.

The Morgan County Good Roads association held its annual meeting at the court house Thursday night. It wasn't a very pleasant night from a weather standpoint but that fact didn't interfere with there being a large attendance. In the absence of Vincent Riley, president on account of illness, John J. Reeve presided. A number of brief speeches were made and the election of officers resulted in the choice of the following:

President—John J. Reeve.
Vice President—C. Potter.
Treasurer—Earl Mortimer.

The assemblage went on record as favoring a county bond issue for the building of hard roads, with the understanding that later on the state will refund the money expended for any such bond issue. The general sentiment expressed by the speakers was for an all-county organization to help along the good roads movement. There is the general realization that the work of preparation has been going on thru the years and that now thru federal and state aid and also by special county initiative it will be possible to accomplish great things in road betterments during the next few years.

Big Mileage Possible.
Those who are at all familiar with the subject believe that twenty times greater mileage of good roads will be built in the next five years than has been true in the past five years.

It was the consensus of opinion that in order to secure results there must be a united effort, with people from all parts of the county joining in the movement.

An amendment to the by-laws of the association was adopted having in view this very thing. It provides for committees in different townships or precincts where special projects are underway and such committees automatically become members of the executive committee of the association. It is the purpose of the association as now organized to meet the county's obligations for every trail. It will be much better to have the association as a general clearing house, all the money expended passing thru the one channel, than to have personal solicitations for different good projects at different times.

Must Have Right of Way.

It was emphasized that the counties where the people are ready to provide the right of way for a designated route will have the first work done. The state highway commission expects the residents of this county to provide them with needed information and the right of way for designated highways. In counties where there are great differences of opinion and a lack of unity of efforts, it is very certain that the actual work of construction will be delayed by comparison with those counties where this is in agreement.

The question of a county bond issue for road building was brought to attention thru a letter sent to the association by Andrew Russel. The writer expressed his regret at being unable to be present and advocated the county bond plan as the best method for securing roads quickly. After reading the letter, Mr. Potter moved that the assemblage go on record as favoring the plan. The motion was seconded by Frank J. Heintz and was carried unanimously.

In the talk about the different trails it was recognized that the Pike's Peak Ocean to Ocean highway is the most important one running thru this city and that it, together with the Mississippi Valley Highway, formerly the Burlington Way, should have all the needed support from this county.

Importance of Trails.
Mr. Heintz said that the trail was the forerunner of good roads and suggested that, while the roads are being built, it must be remembered that due attention must be given to the earth highways. The chair appointed as a nominating committee William Cocking, Charles M. Strawn and W. T. Craig. They later suggested the names of the officers mentioned above.

Among those who took part in the discussion last night were A. E. Williamson, E. F. Johnston, William Cocking, J. K. C. Pierson, Frank J. Heintz, C. N. Priest, Henry Frisch, Charles M. Strawn, H. B. Richardson Judge Samuel, G. B. Kendall, D. E. Kennedy and Fred Middendorf.

Altogether it was a meeting of a kind to give the most certain of proof that Morgan county people are alive to the opportunities now presented in the good roads movement. There were numerous residents of the county precincts present.

AMERICANISM CAMPAIGN IN CHICAGO SCHOOLS

Chicago, Jan. 15.—A campaign to teach Americanism "to offset the treason taught by the reds" began in Chicago's public schools today, with the distribution to every pupil of "The American Creed," furnished by the Illinois Society of the Sons of the American Revolution.

Peter A. Mortenson, superintendent of schools, ordered pupils of the seventh and eighth grades to memorize the creed.

TERMS OF PEACE GIVEN HUNGARY

Document Handed Hungarians
in Presence of all Allied
Representatives

MUST WAIVE ALL RIGHT TO FUME

PARIS, Jan. 15.—The terms of peace for Hungary framed by the peace conference were handed to the Hungarian delegation here this afternoon. The Hungarians were given 15 days in which to present their observations. The treaty was received by Count Albert Apponyi, head of the delegation, from the hands of Paul Dutaista, general secretary of the peace conference, in the presence of Premiers Clemenceau, Lloyd George and Nitto and Hugh C. Wallace, the American ambassador and Baron Matsui, the Japanese ambassador.

Premier Clemenceau made a brief address in the course of which he specified the time allowed for Hungary to reply. He added that the council had decided unanimously to grant the request of Count Apponyi that he be permitted to explain verbally before the allied council the present situation of the Hungarian government. M. Clemenceau said this would be allowed, provided that no discussion should follow. The council will hear Count Apponyi tomorrow.

The entire ceremony of the presentation lasted barely five minutes.

Waive All Rights to Fume

Paris, Jan. 15.—(Havas.)—The Hungarian peace treaty provides Hungary shall waive claim to Fiume and all other Austro-Hungarian territories awarded Italy, Roumania, Jugoslavia and Czechoslovakia. Hungary must adhere to the clauses of the treaty with Austria concerning national minorities.

The Hungarian army must not exceed 35,000 men, with guns of not more than ten centimeter calibre. Hungary assumes a share of the Austrian debt.

Wallace Represents U. S.

Paris, Jan. 15.—Ambassador Wallace had full credentials to represent America as a plenipotentiary in connection with the Hungarian ceremony this afternoon. He acted in the same capacity as did President Wilson, Secretary Lansing, Under Secretary Polk and other plenipotentiaries when the German and Bulgarian treaties were handed over.

A special economic clause provides an arrangement shall be made for the exchange of foodstuffs, raw materials and manufactured goods between Austria and Hungary.

ALEXANDER PEOPLE GIVE SURPRISE PARTY

Pleasant Gathering at Home of
Mr. and Mrs. Joseph Ridder in
Honor of Daughter, Miss Elizabeth Alexander—Miss Mary Elizabeth—Miss Mary Elizabeth—Miss Mary Elizabeth

Alexander, Jan. 15.—Miss Elizabeth Ridder, daughter of Mr. and Mrs. Joseph Ridder of southeast of Alexander, was very pleasantly surprised by about seventy-five of her friends Thursday evening. The evening was most enjoyably spent with music and games, euchre occupying the guests during the greater part of the time. Prizes were awarded in the euchre games as follows: First prizes, Mrs. Wesley Knapp and Joseph Bergschneider; second prizes, Mrs. Steven Ridder and Joseph Ridder, Sr. Mrs. K. V. Beerup favored with a number of musical selections during the evening. The self invited guests brought refreshments and these were served at a late hour.

Church Society Meets.

The Woman's Foreign Missionary Society of the Alexander M. E. church met Thursday afternoon with Mrs. J. F. Willetts east of here, with a good attendance of members. The regular monthly business session of the society was held and routine business transacted. A social hour followed, during which time the hostess served refreshments. The next meeting of the society will be held Feb. 5 with Mrs. Kenneth Beerup.

News Notes.

A. J. Johnson, Sr., has purchased the Ernest Strawn residence in Alexander and expects to occupy it with his family in the near future. Mr. and Mrs. Strawn will move to Jacksonville and make that city their future home.

RUSSIAN SITUATION WILL BE DISCUSSED

HELSINGFORS, Wednesday, Jan. 14.—(By The Associated Press.)—Representatives of Estonia, Latvia, Lithuania and Poland arrived today to participate with Finland in a conference which is expected to have an important effect on the Russian situation.

The principal aim is to discuss organization of a defensive alliance against Germany. The correspondent is informed Finland will not be a party to the second project believing that owing to her geographical position she has nothing to fear from German encroachment in the Baltic.

WILL BURY JOHN BARLEYCORN TONIGHT

Inauguration of Nation's First
Saloonless Year Will Be Celebrated Thruout Country Tonight.

Washington, Jan. 15.—The inauguration of the nation's first saloonless year will be celebrated widely tomorrow night here. National reform associations holding jubilee conventions, plan numerous meetings, that day and will watch the advent of constitutional prohibition at 12:01 a. m. Saturday with a dinner. Attorney General Palmer will be one speaker.

A lighter side to the watch-night celebration will be portrayed at the National Press club with the chief feature of the evening a skit, "Water, Water, Everywhere."

Prohibition Commissioner Kramer has virtually completed the nationwide organization to enforce prohibition. He and Commissioner Roper of the Internal Revenue Bureau charged with carrying out the law have appealed to all lawabiding citizens to support this change in the basic law of the nation.

Had Tilted in Chicago.

Chicago, Jan. 15.—The lid will be tilted but slightly at John Barleycorn's wake here tomorrow night, according to dry enforcement officers. When midnight arrives bringing constitutional prohibition it will find few persons in the cafe and saloons, it was predicted.

The dry law enforcement agencies are preparing to get on the job 16 hours ahead of time. And at 8 a. m. more than 200 federal sleuths will be turned loose in Chicago.

One of the few celebrations to be staged will be a damp luncheon at the Chicago Automobile club. Penitential simplicity in the form of wooden benches and black bordered table covers will make the staging of the "in memoriam" but the tin cups in which liquid refreshment will be served will contain the club lockers' beer.

SENATE PASSES WATERPOWER BILL

WASHINGTON, Jan. 15.—By nearly 3 to 1, the senate today passed the waterpower development bill slightly different from the measure adopted by the house in July but following in a general way the same bill that has been before congress for a decade.

Five Republicans and 13 Democrats voted against it, while Senator Nelson, Republican, Minnesota, in charge of the bill for passage, got 52 votes in its favor. The bill was sent to conference.

Just before the vote the senate reconsidered its former action and restored an amendment which would limit the government license charge of water power projects to 25 cents per horsepower developed.

Motion by Senator Walsh, Democrat, Montana to reconsider the vote on an amendment by Senator Nugent, Democrat, Idaho, affecting power development on land held by Indians brought about a two hour discussion.

OFFICERS REVIVE SAM BROWNE BELT

Washington, Jan. 15.—The Sam Browne belt, discarded reluctantly by American officers returning from overseas where it was required, may be added to the regulation army uniform and other important changes made if recommendations of the division commanders and general staff officers in session here are adopted by the war department.

Announcement was made today that the conference had voted unanimously for the belt.

Virtually all officers favored a roll collar uniform blouse, similar to the British and many were in favor of blue instead of olive drab for other than field service.

"SOVIET ARK" WILL END TRIP TODAY

WASHINGTON, Jan. 15.—The soviet ark Buford carrying undesirable aliens deported from the United States will reach her European destination tomorrow officials said tonight. They would not reveal the name of the port. The Buford last reported as ready to leave her anchorage off Kiel Tuesday night and it was said she might be bound to either Helsinki or Hango or Reval, Finland. That the ship was due tomorrow led to the belief that she was bound to Hango, because it is nearest to Soviet Russia.

MARTEN'S AIDE RELEASED ON BOND

New York, Jan. 15.—Gregory Weinstein, chief of staff to Ludwig Marten, self-styled soviet ambassador to the United States, today was released on \$10,000 bail from Ellis Island where he has been held several days.

Liberty bonds worth \$65,000 representing bail for nearly three score more radicals held were taken there today by attorneys.

HOG BRINGS \$35,000.

Noblesville, Ind., Jan. 15.—Chief Best, a spotted Poland-China hog, brought \$35,000 in a sale here this week. The hog belonged to Frank Wise and was purchased by Wyckoff and St. Mason, representing the Iowa State Breeders association. This is said to be a new record price for one hog.

A sow brought \$8,000 at the sale. Private head which were sold brought a total of \$64,380.

SENATE LEADERS CONFER ON PACT

Renewed Hope for Compromise Agreement on Treaty Brought Closer

DEMOCRATS FAIL TO SELECT FLOOR LEADER

WASHINGTON, Jan. 15.—At a bipartisan "round table" conference of senate leaders late today formal negotiations toward a compromise on reservations to the peace treaty were inaugurated. While no agreements were reached at the two hours meeting attended by four Republicans and five Democrats, another meeting will be held Saturday, in senate circles tonight there was renewed hope of a compromise.

The conference, in which Republican Leader Lodge and Administration Leader Hitchcock were leaders followed failure of Democratic senators at a caucus to elect a leader to succeed the late Senator Martin of Virginia. After two attempts to break a tie of 19 to 19 on Senators Hitchcock and Underwood, the caucus adjourned subject to the joint call of the two senators. Another caucus is planned after Carter Glass, senator-elect from Virginia and Underwood supporter takes his seat. The result however, is still in doubt because of the position of Senator Smith of Georgia who withheld his vote today.

During a visit to the capital today W. J. Bryan conferred with several Republican and Democratic senators, urging an immediate compromise on reservations and ratification

Some intimate friends of Mr. Hoover claim to know his politics and declare that he is a progressive Republican. On this basis they will seek to have his name given preference at the Republican national convention. Mr. Hoover has done a great work for the U. S. and the world as war time food administrator. Whether his ability and experience are of a kind to make him available presidential timber—that is another matter.

Now a ruling has been made that fruit juices and other ingredients of soft drinks if show-

ing more than one-half per cent of alcohol will be barred from use. Evidently there are forces at work to make the provisions of the prohibition amendment and attendant legislation so drastic and burdensome that later there will be a general breaking down of enforcement agencies.

Senator Kenyon has suggested some very helpful legislation since he has been down at Washington. Occasionally he presents a reform measure that is of doubtful benefit. He is proposing now to incorporate in the Republican platform a clause providing that party candidates for president shall a month before election announce the names of the men they will appoint to cabinet positions if they are elected. The convention is not likely to take this proposal very seriously.

In the east they are supposed to be quite far in advance of the people in the central and western states. Yet it is a recorded fact that a mob of 400 men seized a health department official in a Delaware city and drove him out of town. They did this as a protest against vaccination. This was done in face of the fact that scientific research and years of experience and practice have proven that vaccination is a protection against smallpox. There would have been no such mob action west of the Alleghenys.

Peter Mortensen may or may not have well founded legal rights to be the Chicago superintendent of schools. Nevertheless, he has

done a commendable thing in insisting that all the school children in Chicago of a certain age shall commit to memory "America's creed." This creed, expressive of loyalty and patriotism, is furnished by the Illinois Society of the Sons of the Revolution and concludes with this paragraph: "I therefore believe it is my duty to my country to love it; to support its constitution; to obey its laws; to respect its flag; and to defend it against all enemies." With that lesson inculcated in the children of the foreign born, another decade should show a vast improvement in understanding of America's aims and purposes.

At a sale of thoroughbred hogs the other day the average price paid was \$1,760 per head. One animal brought the neat sum of \$35,000. A few years ago a recruit could buy a very decent suit for \$8. Now the lowest offered him is priced at \$27. It is true there is a wide variation in the "commodities" mentioned—live stock and men's clothing. But it serves to illustrate present conditions, with such prices now being paid and with no very insistent protest, is there any wonder that there is no decided movement to the lower levels? The average business man instead of protecting, passes the increase on to his customer. In fact, he could do nothing else if he expects to remain in business. The unfortunate thing is that not all of the people are manufacturers or distributors who can protect themselves by these increases.

records in the war and the number of Americans who have been killed in Mexico during the past months. Since 86 cars of liquor have passed thru a city near that border across into Mexico within the past two weeks, there is not the likelihood that lawlessness will diminish within the Mexican borders. There is no denying that the situation is constantly becoming more acute but strange to say Washington does not seem to be nearly so much disturbed about that question as about other matters not nearly so closely related to the welfare of the people.

BUILDING UP THE ARMY.

The war department is beginning an intensive campaign for army enlistments right here in Modgarr county. The extensive program of publicity outlined indicates not only the need for recruits but also the definite intention of the government to maintain a much larger army than was true in the pre-war period.

While the wish for continued world peace is now stronger than ever before it is being brought home to people and to nations more and more that a degree of preparedness must continue and that there is yet no guarantee that wars are a thing of the past. About 100 per cent of the American people are opposed to war, but a far greater per cent than ever before believe now that a military organization of considerable strength is a necessity for the protection of the U. S. and for the very purpose of maintaining peace.

NEW INSURANCE RULINGS FOR SOLDIERS.

To liberalize the conditions under which our former soldiers, sailors and marines may reinstate lapsed or canceled insurance carried with the Bureau of War Risk Insurance, new and important rulings have been made by Director R. G. Chalmers-Jones, with the approval of the secretary of the treasury.

Former service men have eighteen months from the date of their discharge within which to reinstate their insurance upon these conditions:

If discharged more than three months, the applicant must state in his application that he is in good health as when discharged, no physical examination being necessary. If discharged less than three months, he need not make a formal application nor a statement of health. In either case, he will be required to pay only two months' premiums on the amount of insurance to be reinstated. One of the two premiums required to be paid covers the month of grace during which his insurance remained in force; the other premium is for the current month in which reinstatement becomes effective. Premiums for months between are not required.

Rippling Rhymes By Walt Mason

Paying Rent.
Some kind of home you'll have to own a humble shack of brick or frame, or one of stucco, mud or stone, if you would beat the landlord's game. For long and years I paid my rent, and there'd be sunshine in my soul if I now had the coin that went to swell the landlord's gorgeous roll. The landlord owned a row of shacks, and every month he walked abroad, left desolation in his tracks and touched each tenant for his wad. I muttered, as I dug the dimes, coughed up the sweat stained, hard earned seeds, "I've bought this coop a dozen times, and yet the landlord has the deeds." And when I fell and broke a limb, the landlord came to get the rent; there was no

sympathy in him when I could not produce a cent. He said he didn't care a whoop for all my sufferings and sores; he fired me from that lowly coop and chased my weeping ankles out of doors. There is no thrill in paying rent to landlords who have hearts of stone; far better have a canvas tent, and know the blessed thing is your own. You cannot borrow seven dimes on all the wealth you've paid for rent; on your own house in crucial times, you'll get a loan from some kind gent.

Matrimonial

Higbee-Hoffman.

On Saturday, Jan. 10, at Hutchinson, Kan., occurred the wedding of Van E. Higbee, of that city, and Miss Annie Hoffman of this city. The wedding ceremony being performed by Rev. Mr. Wilson of the Presbyterian church of Hutchinson.

Mr. Higbee is the son of Mr. and Mrs. Fred P. Higbee of El Reno, Okla., receiving his education in that city and Oklahoma City. He is a musician of some ability. He is connected with the McNaughton Investment company of Hutchinson, having charge of the insurance department of the company, and is a rising young man in this profession. Miss Minnie Hoffman is the daughter of Mr. and Mrs. L. P. Hoffman of this city, being a graduate of our high school, and of the Illinois college conservatory of music, later being a member of the faculty of that institution. For the past two and a half years she has been located in Chicago with her sister, Miss Grace, where she has been studying violin at the American Conservatory of Music, and with Prof. Dimond, besides teaching a class of her own and doing orchestra work. Guests at the wedding included Mr. and Mrs. Fred Higbee and Lawrence Higbee, parents and brother of the groom, Fred Norton of Larned, Kan., and L. P. Hoffman, father of the bride, of this city. It was a very pretty wedding, and a happy one and the many friends of the bride in this city are extending their well wishes to the happy couple. Mr. and Mrs. Higbee will reside in the Eastland apartments, Hutchinson, Kan., the home being prepared by the groom.

Free lecture on Christian Science will be given at I. O. O. F. Temple, E. State St., tonight at 8 p. m. Everybody invited.

OFFERS FINE SITE FOR CHAPIN HIGH SCHOOL

Mrs. Rena French Kessinger of Rome, N. Y., Makes Generous Offer to Chapin Board of Education for New Community High School.

Mrs. Rena French Kessinger of Rome, N. Y., who is a daughter of the late Charles S. French of Chapin, has recently made a generous offer to the board of education of Chapin which affords the community an opportunity for securing a very desirable Community High school site. Mrs. Kessinger, whose home has been for a number of years in the east, still maintains her interest in the county and is making the proposal as a memorial to her father.

It is a part of her proposition that if the property is taken over that it shall be known as the Charles S. French Community High school.

Some time since the people of Chapin precinct voted favorably on the proposal to erect a community high school and at a later date will vote on the question of sites and also upon the amount of money to be expended for the proposed improvement.

Mrs. Kessinger, who has recently spent a number of days at the home of her uncle, Arthur L. French, while enroute to California, has outlined her offer in a communication to the Chapin board of education. This proposition is quoted below.

The old French homestead, which includes five acres of land and a commodious well built house is located just at the northeast limits of the village and certainly affords a beautiful, convenient site for such a building. Mrs. Kessinger provides that if her offer is accepted that the board shall expend \$500 annually in improving the grounds and betterment of the building. The proposal to the board is as follows:

Chapin, Ill., Jan. 10, 1920

The Board of Education of Chapin Community High School District No. 120, Morgan and Scott Counties, Illinois.

Dear Sirs:

As a memorial to my deceased father, Charles S. French, and in consideration that the new Community High School shall be called the Charles S. French Community High School, I offer to give as a site for said school, the five (5) acre tract of ground, with the dwelling house thereon, which constituted the home of my said father, upon the terms and conditions following:

I will execute and deliver a Warranty Deed to the proper officer of said District for said five acre tract, and the dwelling house situated thereon, said premises to be used for a site for the Community High School, the deed to contain the usual provision for reversion to me or to my heirs if the premises shall ever be abandoned as a school site, said deed to be held in escrow of Chapin, Illinois, for a term of five years, pending the performance by your Board of the following conditions touching said gift:

The dwelling house on said premises shall be retained for a period of five years in its present outward form as nearly as may be possible, consistent with the use thereof, as a Community High School.

You will expend annually during a term of five years, not less than the sum of Five Hundred Dollars (\$500.00) in improving and beautifying said grounds, and in providing play ground equipment, according to the plan and specifications to be prepared for that purpose by a landscape architect of known reputation and ability, the work to be carried on from year to year when and as directed by such architect, the plans, specifications and services of such architect to be prepared and rendered at my cost and expense.

If, at the expiration of five years, it shall develop that the present building, together with any additions or alterations that may have been made, shall prove unsuitable or inadequate for the purposes of a Community High School, then and in that event, upon a majority vote of the voters of said District said building with its additions and alterations may be disposed of as shall seem to the Board of Education then in office, to be for the best interest of said District.

The School shall be named and known as the "Charles S. French Community High School."

I reserve and will remove from said premises the barn and its foundations, the chicken house and any other buildings which may not be desired by the Board for the use of the School District, and I also reserve and will remove all personal property including the vacuum cleaner with its pulleys, belting, shafting, pipes, etc., and also the air compressor therefrom. And I will disconnect at the boundaries of said five acre tract the water pipe connections extending from said dwelling house beyond the boundaries of said tract to wells on other lands adjoining the same.

The School District will bear the expense of upkeep and improvement of buildings on said premises as well as insurance and taxes, if any, during said five year improvement period.

There shall be published annually in some newspaper of general circulation in Morgan County, a full and complete statement showing the amounts expended, to whom, and for what purpose paid, on account of improving and beautifying said grounds, and in providing play ground equipment, under the direction of said landscape architect, so that all taxpayers in said Community High School District may be advised in regard to the expenditures for such purpose.

At the expiration of five years from the date of the acceptance of this offer, the Chapin State Bank will deliver said Warranty Deed, provided the Board of Education shall have substantially

PASSAVANT TRUSTEES IN ANNUAL MEETING

President Brown, Treasurer Farrell and Trustee Andrews Presented Resignations—Reports Received—Meeting Adjourned to Meet Two Weeks Hence.

President E. W. Brown, Treasurer F. E. Farrell and Trustee F. J. Andrews presented their resignations at the annual meeting of the trustees of Passavant Hospital, held Thursday evening. The resignations were received but not accepted. On motion, the board adjourned to meet two weeks hence when action will be taken and officers elected.

President E. W. Brown in his report to the trustees reviewed some of the work during the past year. He commented on the fact that the indebtedness had not been decreased during the year. Mr. Brown also said that the institution could not close its doors to the poor in time of need. Yet he pointed out that some of them resented the fact that they were expected to pay. He spoke in high praise of Miss Good, the new superintendent, and bespoke the hearty co-operation of the trustees in her efforts to make the hospital a success.

In closing his report Mr. Brown presented his resignation. He thanked the board for their support during the incumbency. The reports of Miss Good on the hospital and the nurses training school contain much of interest. Mrs. Hollinger's report for the Hospital Aid Society and a list of the persons and organizations who furnished rooms are given herewith.

Hospital Report.

The report of the Passavant Hospital for the year 1919 is as follows:—
Number of patients treated 1324, daily average 36, number of nursing days 13315. This shows a greater number of patients but a lower daily average and number of nursing days than in the preceding year. The lightest month was January with a daily average of 27 patients and the heaviest month was November with a daily average of 48 patients.

You have heard the treasurer's report and know our financial standing. Only needed repairs have been done and replacements made. The lower halls have been painted and are much less gloomy. Halls in the west end of the second floor should have the same treatment. Most of the stored furniture from the Dr. Day hospital has been disposed of and the pieces that remain are less desirable. However, we have occasional calls for these washstands etc.

In July an explosion blew out the gas range and the coal range proved to be worn out. The Ladies' Aid at once assumed responsibility for a complete gas equipment and after many delays the range, toaster and broiler were installed in Christmas week. This is proving most satisfactory. A radiator was placed in the kitchen which is now quite comfortable on very cold days.

The furnishings for the second floor porch are in the house as well as linens for three of the rooms in the new wing. The furniture for one of these rooms is waiting delivery. The furnishing of all the porches and rooms except the diet kitchen has been provided for by churches, societies and individuals. The actual work is delayed by the inability of the contractor to connect up the heating plant. The diet kitchen will cost \$700 for both working and teaching equipment and they are equally necessary. One hundred eight-one dollars has been contributed for this purpose. It will be impossible to open the rooms to patients until the diet kitchen is in working order. The present first floor kitchen is too small and too far from the new wing to make its use possible. In view of the length of time consumed in securing supplies and having work done, it would seem wise to push this matter.

The hospital has been without a Technician since the resignation of Miss Grumboldt in May. We have written to various hospitals, to the Red Cross Bureau of Information in N. Y. and have advertised but without success. The Medical Staff has been greatly inconvenienced and the efficiency of the hospital interfered with.

We have arranged with Dr. Norbury to send one to his laboratory for instruction and shall do so as soon as we locate a nurse who will be fairly permanent. It seems more desirable to have a nurse technician than lay technician for the technician will not find all of her time occupied and a nurse will be able to give assistance in many ways outside the laboratory. We hope to have the laboratory work done satisfactorily within a short time. We appreciate the patience exercised by the Medical Staff in this matter.

We have received donations from churches, societies, business houses, and individuals both in Jacksonville and the surrounding towns and country, and we extend thanks to the Ladies' Aid and all of the societies and individuals who have helped the hospital in any way.

Respectfully submitted,
MARY E. GOOD, Supt.

School for Nurses Report.

Board of Trustees, Passavant Memorial Hospital, Jacksonville, Ill.
Gentlemen:—
The following report of the school for nurses, covers the year 1919.

The year opened with a Nursing Staff of two officers and twenty-six pupils and closed with five officers and thirteen pupils. Two probationers entered the school on January 25, one of whom left in July. There were no additional pupils within the year.

Commencement exercises were held in Grace Church on the evening of June 2nd, when a class of five nurses was graduated. Miss Katherine Olmsted of the Federal Child Welfare Bureau was the speaker of the evening.

The school was under the direction of three superintendents during the year. Miss Kimmel was followed by Miss Davies on March eight, and she in turn by the present Superintendent on June 16. Miss Della Davis, class of '15 became Directress of Nurses on March eight and Miss Hull became Surgical Supervisor on April one. This position had been held by one of the seniors who after graduation stayed until Miss Hull's arrival. Mrs. Avery, class '11 accepted the position of Night Supervisor on August eight. Miss Simmons, the Dietitian resigned in May and this position was filled by Miss Pattison, August 25. In view of the shortage of nurses it was necessary to have as many officers as could be secured.

Due to this same condition we have had to interrupt the Public Health Service on two occasions, altho each nurse had this work before receiving her diploma. At present there is no one in Public Health but as soon as conditions permit, the seniors will again be given advantage of it. This service is in connection with the County Tuberculosis Society and gives an excellent foundation for further public Health Work.

An affiliation has been arranged with the Woman's College whereby our nurses will receive instruction in its chemical laboratory and a number of college women will be given institutional management and Hospital Dietetics by our Dietitian. This exchange work should be begun in February but will be impossible on account of delay in completing the new diet kitchen.

An affiliation with the Chicago Lying-In Hospital may be established in May, providing there will be enough new pupils in the school to replace the senior who would be sent into this work, another senior in Public Health Work and the nurses who finish their work. This is not an exchange affiliation. These three affiliations will do much for the high standing of the school.

Owing to the small number of pupil nurses we have had to employ graduates for floor work and at one time had four graduates on general duty in both day and night work. The spirit of the help graduates in coming to the hospital has been of the finest and is greatly appreciated. They have given assistance in many ways.

Those who came in for general duty did so at a 33-1-3 per cent reduction in rates.

We hope that each member of the Board of Trustees and of the Medical Staff will be continually on the alert for prospective good material for the Training School. We are not alone in having shortage of pupil nurses and it will require constant and concerted action to make the school attractive to the best kind of young woman and to interest her in the work.

This interest must not be spasmodic but continuous and long continued.

The class work has been somewhat irregular due to the flu and war conditions of the past winter. Never in the experience of the present Superintendent has there been a more hearty or generous support than by the corps of lecturers, giving their service thru the autumn and winter of 1919. It is indication is a continued high standing for the school which is accredited and registered with the Board of Regents of the University of New York.

The Christmas plans for the nurses were an unqualified success and did much for the morale of the school. The party was attended by the graduates in the city who were free to come and was announced by all as a most enjoyable affair. The State Street Presbyterian Church gave its tree and the Executive Board, Doctors, business houses, friends of the school and officers who contributed to the enjoyment of the Holiday Season did more for school spirit than could have been accomplished in any other way.

We acknowledge with gratitude the support of the Board of Trustees, Medical Staff, Executive Committee, Medical Board, Ladies Aid, Alumnae Association, individually and collectively, and friends of the school.

Respectfully submitted,
MARY E. GOOD, Supt.

URGES U. S. TO GIVE POLAND AID

Definite Plans to Send Materials and Food to Help Check Bolshevism Under Consideration.

Washington, Jan. 15.—Definite plans to furnish Poland with war materials and food to aid in checking the westward spread of Bolshevism are being considered by the United States and the allies. Secretary Baker today told the house ways and means committee, supplementing the declaration of General Tasker H. Bliss that Poland was the only bulwark against Bolshevism.

The committee has before it the proposal of Secretary Glass to authorize \$150,000,000 in credits to European countries for the purchase of American food. Supporting the project, General Bliss who was American representative on the supreme military council during the war and a member of the American peace delegation declared if Poland were overrun, general revival of the war might follow.

"It was the growing opinion of military experts," he said, that Russian soviet armies would turn toward the west where they would outnumber the Polish forces, their only barrier.

General Bliss said that in granting loans the United States should demand that the allies should provide the Poles with military supplies. It was here Secretary Baker said that the allies and the United States were planning to furnish arms to the Poles.

Chairman F. Snyder said the committee would determine Monday its action on the \$150,000,000 food credits bill.

ANNUAL MEETING OF TRINITY PARISH

Was Held in the Parish House Thursday Evening—Large Attendance and Reports Show Year Has Been an Active One.

Trinity Parish held its annual meeting in the Parish house Thursday evening. There was a large attendance and the reports of the various church organizations show that the year has been an active and prosperous one.

In the election of the vestry the following were chosen: Walter Bellatti, J. G. Ames, William Robinson, H. M. Andre, Lloyd W. Brown, Charles Fawcett, Charles W. Cornick and W. T. Capps. H. M. Andre was chosen as Senior Warden.

Mrs. E. E. Hatfield, secretary of the Woman's Guild, read a report of the guild for the year. It showed the women have been unusually active. In addition to various things which were done for the church, she reported that the Guild pledged \$1,000 to the building fund which had been collected and paid in to the church treasurer. She also reported that a room had been furnished at Passavant hospital in the new addition and will be known as Trinity church room.

Mrs. Lloyd W. Brown, treasurer of the Guild, gave an itemized report of the finances of the organization for the year. The report showed a balance of \$230.96. Miss Fannie Wakely, secretary-treasurer for the Woman's auxiliary, made a report of the year's work. In round numbers \$100 had been expended for missions. Th ereport showed a balance at the year of \$3.07.

Dr. J. G. Ames, superintendent and H. M. Andre, treasurer of the Sunday school, made reports for the school. Mr. Andre's report showed receipts for the year of \$160 and a balance in the fund of \$16.25. There also is \$65 in the savings department.

Dr. Ames reported that Trinity Sunday school won the banner offered by the Bishop of the diocese for the largest Lenten collection, which totalled \$116.18. This is quite an honor when it is remembered that the school was competing with Springfield, Alton and other large cities.

Walter Bellatti, treasurer of the church, reported a balance in the general fund of \$308.25 after payment of all current expenses. At the meeting last night upwards of \$2,000 in new pledges were made to the building fund in addition to those already made. Following the business meeting the members spent some time socially. Refreshments were served by the Guild and greatly enjoyed.

Four Boxing Bouts of Merit and High Class Wrestling Match Will be Staged at Princess Theatre Next Monday Night.

The Beardstown Athletic association will stage a high class athletic carnival at Beardstown next Monday night at 8:30 p. m. at the Princess theatre. Eddie Knox, a prominent sportsman of Springfield will referee the boxing bouts, of which there will be four. There will also be a wrestling match between Bobbie Peterson of Beardstown and Williams Hall of Columbus, Ohio. The principal bout of the evening will be staged between Jimmie Murphy of Chicago and Battling Murry of St. Louis. This go will be for ten rounds to newspaper decision. Other bouts scheduled are Joe O'Neal of Beardstown vs. Young Sharkey of Springfield for six rounds; Evans of Arenzville vs. Morrgan of Springfield, 4 rounds; and Jack Belford of Virginia vs. Bruce Hunter of Beardstown 4 rounds.

A number of local men are expected to attend the carnival and from the program as advertised it will be well worth the trip to the river city to see the various matches.

Two weeks from Monday night, Feb. 2, Al Baldwin of this city will hook up with Jimmy Hanlon of Denver in a ten round scrap. A large number of sportsmen from this city are also planning to attend on that occasion to boost for the local man. Al has been training consistently recently and should be able to give a good account of himself when he meets this experienced scrappier from the west.

J. F. Claus Secures Young Ladies Quartet and Reader From Pythian Home For Program of Jacksonville Lodge Roll Call—Mayor Crabtree Will Be Toastmaster.

Thru the efforts of J. F. Claus, one of the directors of the Pythian Home Board, the annual roll call of Jacksonville Lodge No. 152 Knights of Pythias, will have an added interest to every Pythian in this vicinity as he has secured the consent of the superintendent of the Pythian Home at Decatur to permit the appearance at that meeting of the Pythian Home Young Ladies Quartet, composed of girls who have been wards of the home for many years.

These young ladies early showed musical genius and have been trained and developed until their work is receiving considerable outside attention. The quartet sang before the Rotary Club of Decatur a short time ago and because of its excellence the Rotarians of that city have arranged for two yearly musical scholarships for the Home. Two years ago they gave a concert at LaSalle during Grand Lodge session, the result being several hundred dollars donated to the Home for musical education. Superintendent Hatch of the Home will also bring another ward of the school who has become a talented reader and she also will be on the roll call program.

Messrs. White, Tomlinson and Wiseman are the committee in charge of the program for February 3rd and a big time is being planned. It is understood that Hon. T. E. Crabtree will act as toastmaster of the evening and that the Rev. M. L. Pontius will be among the speakers.

MR. AND MRS. CORSA OBSERVES ANNIVERSARY

Well Known White Hall People
Celebrate Twentieth Wedding
Anniversary — Other News
Notes.

White Hall, Jan. 15.—Only a trace is left of the four-inch snow which fell on the 9th, giving the ground the first real covering of the present winter. Winter wheat is in splendid condition, as is also the condition of cribbed corn. Improved highways are in splendid condition.

The twentieth wedding anniversary of Mr. and Mrs. W. S. Corsa has just been celebrated at their home, Gregory Farm, and the event took the form of a gathering of a small company at an evening party at the Corsa home, the party including H. E. Browning of Jackson, Mo., Mr. and Mrs. Clark Baldwin, Mr. and Mrs. J. H. Fox, Dr. and Mrs. W. T. Knox, Mr. and Mrs. Corsa located on Gregory Farm shortly after their marriage in the east, where both graduated from a leading university, and their devotion to bettering live stock have brought prominence to Gregory Farm greater than they probably ever dreamed. Mr. Corsa came from near Washington, D. C., and his father at one time conducted a large printing business down east.

The death of Mrs. George Gum at Alton, whose funeral was held there Monday, removes a former resident of White Hall, who with her husband moved to Alton last October to reside with two of their sons. Previous to coming to White Hall in 1917, the couple resided at Fayette, Macoupin county, for a number of years. They have six children, of whom Mrs. Henry Jonett of White Hall, is one. The age of the deceased was a little more

than 51 years. The family is held in high esteem.

The Modern Woodmen and Royal Neighbor camps held installation of officers respectively Monday and Tuesday evenings in the presence of large gatherings of the memberships, and each event was the occasion for degree work and a feast. The M. W. A. officers are:

Venerable counsel — George Spangenberg, 14th term.
Adviser — Charles Campbell.
Clerk — Ernest Camm.
Banker — Ernest Camm.
Watchman — Charles Long.
Sentry — Lloyd Winn.
Escort — Glen Vandaveer.
Manager — J. H. Fox.
The new officers of Evergreen Camp, R. N. A., are:

Oracle — Mrs. Beulah Littleton, succeeding Mrs. Belle Potts, 13th term.
Recorder — Mrs. Alice Scott, 14th term.
Receiver — Mrs. Theresa Hadcock.
Vice oracle — Mrs. Pearl Johnson.
Chancellor — Mrs. Belle Potts.
Past oracle — Mrs. Lillie Frame.
Marshall — Miss Lea Scott.
Inner sentinel — Mrs. Ethel Rigg.
Outer sentinel — Mrs. Birdie Young.

Manager — Mrs. Minnie Mace.
No physician was elected because of the action of White Hall physicians in fixing a rate of five dollars per visit, but this has since been adjusted, and a physician will likely be elected at the next meeting. Mrs. Laura Brumagin of East St. Louis, special adjuster for the head camp, attended the R. N. A. installation. Both camps had only a few defections during the reconstruction period, and it is believed that these defections and many new members will be enrolled during a membership campaign that has been inaugurated.

Mr. and Mrs. Seth N. Griswold spent Tuesday in Roodhouse. This couple have been recipients of extensive congratulations over publication a few days ago of a history of their philanthropies for White Hall. Their work has been carried out so modestly that the average citizen has little realized its full value, and it is safe to say that Mr. and Mrs. Griswold have performed a greater service for their community than they had realized.

A meeting of the Mississippi Valley Highway will be held in the city hall at 7:30 p. m., Saturday. Addresses will be delivered by A. E. Nieson and H. C. Wilhite. A meeting will be held in Carrollton in the afternoon.

GRAIN DOORS TABOOED
AS PARTITIONS IN LIVE STOCK CARS ON ALTON

Utilization of grain doors as partitions in cars carrying mixed shipments of live stock must cease, according to an order to all agents of the Chicago and Henderson. Grain door partitions are impractical and a fixed source for claims, as these partitions are knocked down by the larger stock, resulting in shipments being mixed and the smaller animals being crippled and killed. In addition, there is no way by which the agent at market center is in a position to reimburse carriers for this material. The railroad tariffs require that such partitions must be furnished by the shipper at his expense and risk, and by him to be placed in position and fastened to the car without the use of nails, spikes or any other fastening that will injure or deface the car. Agents will, therefore, understand that under no circumstances will grain doors be used for partitions on mixed shipments of live stock and these partitions must be furnished by the shipper at his own expense and risk.

New Time Book.

Section foremen and foremen of the Alton's bridge and build department have been supplied with a new form of monthly time book which has many improvements over the old. The book will be prepared without the usual carbon sheets. Foremen must send the entire book in for the first fifteen days, and as soon as the pay rolls are written up the book will be returned in time to make up pay rolls for the first half of the month. The book also is a new feature, three columns being provided instead of two. This is necessary by the rule requiring one column for straight time, another one for time and a half, and the total on the third space. The new wage agreement for maintenance employees make the new time book necessary.

We do BUY, REFINISH, RE-UPHOLSTER AND SELL USED FURNITURE

We are following a growing custom in the larger towns where each furniture store either has a used department or carries a separate stock of used goods. Such a store is of a different character from the place where you could buy a used suit of clothes, a horse collar or a pistol. Our business is furniture and nothing else. If you have furniture that you wish to sell we buy it and pay whatever it is worth. If you wish furniture refinished, re-upholstered, by some one who has been in the business twenty-five years, we offer our service.

Remember that we have more than a dozen items of house furnishings as usually published in our weekly list. The same real worth while furniture at a price that will sell them.

NOBODY KNOWS

HOW I SUFFERED

Could Hardly Walk or do Any
Work for 15 Years—Now Well
and Strong.

"Before I began taking Tanlac it had been fifteen years since I was able to do my housework; today I not only did all my housework, including a big day's laundry, but walked down town. That is what Tanlac has done for me."

This was the statement made by Mrs. Clara Wys, of 201 Peoria Ave., East Peoria, Ill., in the Sutcliffe & Case Drug Store recently. Continuing, she spoke of her remarkable restoration to health by Tanlac as follows:

"For fifteen years I had been in such a deplorable physical and nervous condition that I had to keep quiet and rest all the time. They even had to muffle the telephone bell and keep all depressing or excitable news from me and I could not even read the newspapers. My stomach was in such a weakened condition that everything I ate distressed me dreadfully, even such light things as milk and toast causing terrible pains around my stomach.

"I kept getting weaker and weaker and finally got so I could hardly walk alone. Nothing did me any good and I got so blue I would cry for hours at a time. No one knows how I suffered and how I longed and prayed for health—just health alone without riches or anything else for all the riches in the world wouldn't have helped me.

"One day my husband brought me a bottle of Tanlac and told me how much good it had done other people. The first improvement I noticed was that shortly after I began taking the medicine I slept all night long one night for the first time in several years. Then I began to get so hungry that it scared me and I wouldn't eat at first, but finally I got so hungry I simply had to eat and I was very much surprised to find that it did not hurt me. From then on my improvement was steady, and I never let up on Tanlac until I took eighteen bottles.

"Now I never know what it is to be nervous. I can enjoy every day with my family and when mealtime comes I sit down and eat as heartily as when I was a girl. All my dreams of health and happiness have come true and I shall praise Tanlac as long as I live."

Tanlac is sold in Jacksonville by Cooper & Shreve; in Meredosia by Mr. R. B. Field; in Murrayville by M. E. Gilbert; in Waverly by Wyle Drug Co.; in Woodstock by The Hoy Pharmacy; in Chapin by John Onken & Bros.; and in Alexander by Frank J. Kaiser.—Adv.

Cincinnati Authority Says
Troublesome Corns Just
Loosen and Fall off

Sore corns, hard corns, soft corns or corns between the toes just loosen in their sockets and fall off the next day if you will apply directly upon the corn a few drops of a drug called freezone, says a Cincinnati authority.

You merely put a drop or two of this freezone on the tender, touchy corn today and instantly the corn stops hurting, then tomorrow sometime you may find the old tortuous pest somewhere in your stocking, having fallen off entirely without a particle of soreness, pain or irritation. The skin surrounding and beneath the former corn will be as healthy, pink and smooth as the palm of your hand.

A quarter ounce of freezone is sufficient to rid one's feet of every corn and callus, and any druggist will charge but a few cents for it. It is a compound made from ether.—Adv.

New Auto Famine Is Seen In 1920

There is an Acute Shortage that will
continue for at least twelve months.

The demand for automobiles will be greater this winter than ever before in the history of the industry and the spring of 1920 will again find the market swept bare of cars forcing owners to wait weeks and sometimes even months for delivery.

The most optimistic forecasts place the production in 1920 at only 2,000,000 cars. Figuring conservatively, there are 6,500,000 cars in use today in the United States. As the average life of a car is five years, the scrap-page each year totals more than 1,000,000 cars. So production will be less than double the actual scrappage.

Take the case of the Essex for instance. In 1919 there were 20,000 Essex built and sold, but even this number proved insufficient to supply the demand. In 1920 the production will be 40,000 cars, the factory hav-

ing spent more than \$2,250,000 during the past year in enlarging its facilities. But still the number we have been able to obtain is not sufficient to satisfy the need of our customers and will be far short of our requirements when the rush to obtain new cars begins in the early spring.

Of course, the Essex is an exceptional car. By combining all the beauty, luxury and performance of the most costly cars with a moderate first price and the utmost economy of operation, it has filled a transportation need. So the demand for it has been unusually heavy but there will be the same shortage of all good cars next summer as there was last year.

Therefore the only way to avoid disappointment in obtaining a car for delivery in the spring is to order at once.

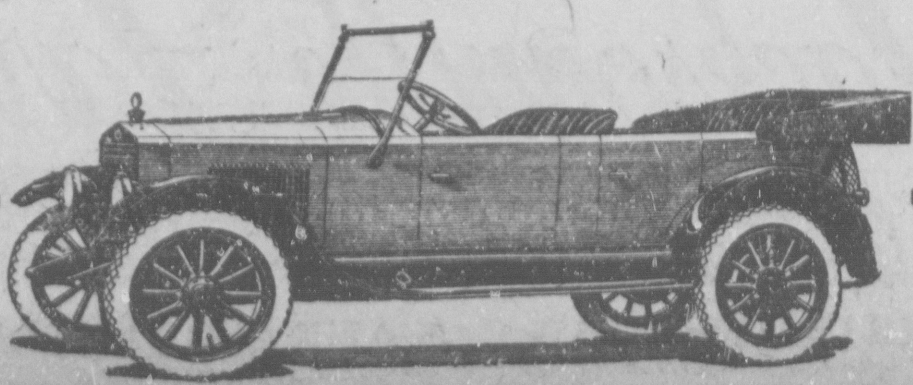

We can supply you NOW in size and style desired, but can promise nothing for the future except to do our best for you. Better call and get a demonstration.

When you say, 'What's the price'

When you come in here and pick out a suit and say to the salesman "How much?"

He'll say "\$40" perhaps, or maybe "\$50" or "\$60"—depends on the suit you choose.

You may say "Why, I can beat that price \$5 or \$10."

Probably you can; but that isn't the point, you can't get as much clothes value for your money anywhere else; that \$5 or \$10 is in the suit; it's the \$5 or \$10 that makes good quality possible; and that makes the suit outwear the cheaper one two to one.

LIBRARY BOARD MEMBERS NAMED

Mayor Crabtree Names Three Members at Adjourned Session Thursday Night—A. C. Metcalf Placed on Park Board—Appropriation Ordinance Considered.

Mayor Crabtree at the adjourned session of the city council held Thursday evening named

John M. Butler, Dr. Walter E. Spoonst and Mrs. M. H. Havenhill as members of the public library board to succeed themselves. Mayor Crabtree also announced that he had received the resignation of Joseph Gomes as member of the park board. He named A. C. Metcalf to the position. All of the appointments were confirmed.

When the clerk called the roll it showed the following present. Mayor E. E. Crabtree and Aldermen Cain, Ehrie, Flynn, McGinnis, Moore. Absent, Alderman

Chapin, Graft and Williamson. The meeting was primarily for the purpose of considering the annual appropriation ordinance. This was again considered section by section and a number of changes made. There also were some additional funds added to the budget.

While the ordinance will show a large total it must be remembered that there can be only a certain amount of taxes levied. The object in making large appropriations is to be able to take advantage of any monies that may

be received. At the conclusion of the reading of the ordinance it laid over under the rules. It will be given a second reading and comes up for passage at the regular meeting Monday evening.

Library Board Members. Mayor Crabtree then presented the names of John M. Butler, Dr. Walter E. Spoonst and Mrs. M. H. Havenhill as members of the Public Library Board to succeed themselves.

presenting the names the Mayor stated he had consulted with the Librarian, Miss Barrette and had been told that the three had given excellent service. Mr. Butler, in particular, had given the board the benefit of his knowledge in matters of law that had confronted the board.

Alderman Cain seconded by Alderman Moore moved the appointments be confirmed. On roll call the vote was five for three absent and the Mayor declared the appointments confirmed.

Mayor Crabtree then presented the name of A. C. Metcalf as member of the park board to succeed Joseph Gomes, resigned. On motion of Alderman Flynn, seconded by Alderman Cain, the appointment was confirmed.

There being no further business the council on motion adjourned.

TO OPEN RECRUITING CAMPAIGN HERE SOON

War Department Campaign for Recruits to be Carried on Here Along With Other Illinois Cities—Drive to Begin Jan. 19.

The war department is trying out a new policy in its recruiting service. A campaign of newspaper advertising is being carried on in a number of Illinois cities and along with the advertising is an intensive campaign for attracting the interest of young men eligible for the army service. Such a newspaper advertising campaign will begin in Jacksonville next week.

Capt. Guy W. Skinner of Springfield, who will be in charge of the campaign here, was in Jacksonville yesterday arranging some of the preliminary details. He was accompanied by Lieut. O'Neil who is here with six men, who accompany a recruiting hut carried on a big Liberty truck.

The Jacksonville district include Morgan and Scott counties and the special drive for recruits which will begin Jan. 19, will continue for practically three weeks. A fleet of motor trucks will visit the county and there will be several additional mounted huts. Altogether for the greater part of the campaign there will be twenty or more army men visiting all parts of Morgan and Scott counties and spreading abroad the service propaganda. The group of men under command of Lieut. O'Neil includes six men, three of whom wear the Fourgiere decorations from French government. These men were in the first division. Another group is from the second division, still another is from the third and the sixth man was a sergeant, first class with a motor truck company. All of the men saw active service overseas.

A very interesting war exhibit forms a part of the campaign and will be on view in the windows of Myers Bros. store beginning tomorrow. In addition to the trucks coming there will be side cars and other army equipment. Enlistments are desired for the infantry, cavalry, artillery and engineer branches. A limited number are desired for the chemical warfare department. It is said that enlistments from Morgan county have not been up to the expected percentage and that is one reason for the intensive campaign here at the time.

LITERBERRY

Rev. W. R. Johnson filled his regular appointment at the Baptist church Sunday morning, and preached an excellent sermon from the text found in Phil 3:13-14. Mr. Johnson told his congregation to take these words as a help in the new year. Take God with you "in the beginning" of the year, the month, the week, and every day. There was a very impressive communion service at the close of the meeting.

A good dinner was served in the basement at noon and everybody made welcome. In the afternoon there was a church meeting and the following officers elected for the year.

Clerk—Miss Edith Scribner. Treasurer—J. M. Daniels. Pianist—Mrs. Durrell Crum. Assistant—Mrs. John Daniels. Chorister—J. A. Liter. Trustee—M. M. Crum. Election for Sunday School officers as follows: Superintendent—Mrs. John Guy.

Assistant—Mrs. Earl Rexroat. Secretary—Miss Mildred Underbrink. Assistant—Delbert Guy. Pianist—Mrs. J. M. Daniels. Treasurer—Mrs. Walter Roach. Librarian—Miss May Hixon.

The reports for the different departments were full from the Ladies' Aid which shows a balance of four hundred and ninety-five dollars down to the last organized society, the Guild, which had a balance of three dollars. The preacher smiled largely at the reports.

Miss Helen Young celebrated her fourteenth birthday on Sunday by serving a fine dinner to her friends and relatives.

Mr. and Mrs. Howard Zahn have returned from St. Louis and report the roads in fine condition. They drove home two new Buicks of special makes, and have nine more enroute.

Stocks were at their best in the early afternoon, a spirited advance accompanying word from Washington that the officials of the central bank had adjourned without even considering questions of higher interests or discount rates. There were several outstanding features of weakness, notably secondary oils and specialties.

The heavy bond market embraced investment rails, liberty and international war notations and numerous speculative industrial. Total sales, (par value) were \$7,200,000.

the food to grow on

WHEAT-O-CORN is the food which makes the little folks strong and sturdy. It combines the body-building nutriment of wheat and corn with a delicious new flavor all its own. It is the "different" breakfast food.

Wheat-O-Corn is untouched by human hands during the complete process of manufacture and packing. It is sterilized under tremendous heat, and sealed in air-tight cans by machinery. This makes Wheat-O-Corn absolutely pure and clean.

Wheat-O-Corn makes deliciously appetizing muffins, cookies, puddings, and many other dishes. You will find proven recipes on every package.

There are forty generous servings in every package of Wheat-O-Corn. Try it for breakfast tomorrow.

OBITUARY

Walter James Mack, son of Mr. and Mrs. James Hart Mack, was born in Wellsville, Mo., January 23rd, 1867, and was at the time of his death 52 years, 11 months and 19 days old. He came to this city with his parents when about 4 years of age. His father died in 1882. He received his education in the public schools of this place and when grown took an active part in politics and was for several years sexton of Diamond Grove cemetery.

In the year of 1900 he left for Nome Alaska and was one of the first hundred men to organize the Order of Pioneers of Alaska, and these men were the ones who first entered the very interior part of the Alaskan territory and were the men who had charge of sending out any one of the party to continue on this exploration, which entailed some of the worst hardships imaginable.

Mr. Mack was a man who numbered his friends by the score and was always known for his unusual generosity and kindness in any cases of sickness.

All thru his long illness of "the weeks" duration his one thought was for the care and consideration of those who so willingly and lovingly cared for him. Mr. Mack, at the time of his death was at the home of his sister, Myrtle Mack Rufus, of Petersburg, who had solicited him to come and try a specialist there, but it developed that nephritis and other complications were beyond medical skill.

Mr. Mack was the oldest member of a family of five children and is now survived by all the brothers, James B. Mack, of Greenfield, Arthur J. Mack, of Battle Creek, Mich.; Harvey W. Mack, of Alton; one sister, Myrtle Mack-Rufus, and one nephew, Harold Mack Rufus, and one niece, Edith Marie.

All of whom were with him during a part of his illness.

MUSTEROLE—QUICK
RELIEF! NO BLISTER!

It Soothes and Relieves Like a Mustard Plaster Without the Burn or Sting

Musterole is a clean, white ointment, made with the oil of mustard. It does all the work of the old-fashioned mustard plaster—does it better and does not blister. You do not have to bother with a cloth. You simply rub it on—and usually the pain is gone!

Many doctors and nurses use Musterole and recommend it to their patients. They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuritis, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia). 30c and 60c jars; hospital size \$2.50.

BAD BREATH
Caused by
Acid-Stomach

How can anyone with a sour, gassy stomach, who is constantly belching, has heartburn and suffers from indigestion have anything but a bad breath? All of these stomach disorders "mean just one thing—Acid-Stomach."

EATONIC is a powerful new stomach remedy in pleasant, tasting tablets that you eat like a bit of candy, brings quick relief from these stomach miseries. EATONIC sweetens the breath because it makes the stomach sweet, cool and comfortable. Try it for that nasty taste, congested throat and "heavy feeling" after too much smoking.

If neglected, Acid-Stomach may cause you a lot of serious trouble. It leads to nervousness, headaches, insomnia, melancholia, rheumatism, sciatica, heart trouble, ulcer and cancer of the stomach. It makes its millions of victims weak and miserable, listless, lacking in energy, all tired out. It often brings about chronic invalidism, premature old age, a shortening of one's days.

You need the help that EATONIC can give you if you are not feeling as strong and well as you should. You will be surprised to see how much better you will feel just as soon as you begin taking this wonderful stomach remedy. Get a big 50-cent box from your druggist today. He will return your money if you are not satisfied.

Keep Your Papers in
Folders that Expand!

—The neatness of your files depends largely upon the kind of folders that you use. "Y. and E." folders are scored ¾ of an inch from the fold. As they fill with papers they expand and take the shape of a bound book cover.

No sagging or bulging in the files—folders stand upright with contents protected.

SPECIAL COACH FOR MILLIKIN BASEBALL BEING CONSIDERED

Wann Would Devote Time to Track Team—Two Basket Ball Games Thursday.

Following the custom introduced at the University of Illinois this year when Grover Alexander, great Cub hurler, was employed to coach the Illinois it is highly possible that Millikin will also have a professional baseball man to coach the baseball team this spring.

Among those who are being considered for the position are Charley Pick, great infielder of the Boston Braves and Pete Braussen of Milwaukee who coached the baseball team which won the championship of A. E. F. Braussen has also played with the Providence Rhode Island club.

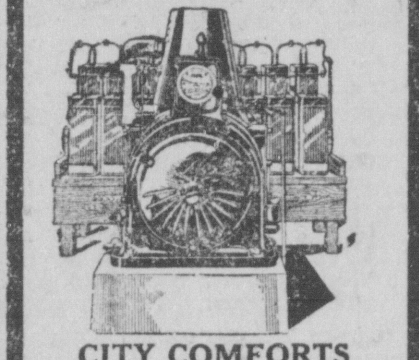

Watch Local Quintette. The plan is to employ a baseball coach so that Coach Wann may devote his entire attention to track.

The Decatur Review comments on the "Hill" team as follows:

Illinois College begins to loom large in the basketball horizon. Coach Harmon is said to have the best material in the history of the school, with three full teams of experienced basket ball men.

Saturday night the Jacksonville crew won an easy victory from Shurtleff College 39 to 12. Tomlinson the elongated center and Frazer each were credited with six field goals. Frazer is from Shelbyville and is a former member of the Sparks team. He is fast and shifty and is an accurate basket shooter.

A number, in fact practically all of the squad are members of Harmon's football eleven. Barnes, Cully, Jones, Mutch are basketball men who brought them-
